

FAFSA Submission Summary Directions

Once submitted, your FAFSA Form will be noted as “*In Review*” for a period of time. Once complete, you should receive an email stating that your FAFSA has been *Processed*. You can also check the status of your FAFSA Form by logging in to your account and selecting FAFSA submission from the “My Activity” section of your account Dashboard.

From “My Activity,” open your 2024-25 FAFSA Form. From there, open your “FAFSA Submission Summary”. We will need a copy of your Student Aid Index, which can be found at the bottom of the first page of your FAFSA Submission Summary (see example). Please print the FAFSA Submission Summary and upload to the website.
